## RE

This week we would like the children to think about family and friends and how they help them. How do the children think they are helpful to others outside of school and who do they feel really helps them. Children should draw a picture of their family and friends and write a few short sentences explaining how they help in their lives.

Words spelt 'y' and pronounced 'ee' to practise. These examples will be tested during English lesson daily. beginning: daddy crusty frosty plenty windy twenty thirsty happy mummy grumpy

Challenge: In your Homework book compose sentences using the above words.
